

Treasurer's Report Annual Meeting 2010

The proposed income budget for 2009-2010 as presented in 2009 was \$14,100.

The actual income in 2009-2010 was \$14,045, a \$55 difference.

The difference is in lower interest payments than anticipated on the Savings Account. We anticipated \$100 and actually received \$45.

We have anticipated an increase in interest earnings for the coming year to \$100, resulting in our proposed income budget for 2010-2011 at \$14,100.

The proposed expense budget for 2009-2010 was \$15,676.

The actual expenditures for 2009-2010 were \$12,233.

As the actual expenditures were less than the proposed budget for last fiscal year, we have recalculated the expense amounts in some areas for this year. Also, a raise has been agreed upon for the Secretary/Treasurer from \$1,800 to \$2,400 per year.

There were no road repairs in 2009-2010, which had been the largest unanticipated expenditure over the 2008-2009 fiscal year, resulting in substantial savings.

The assessment amount of \$500 per lot last year covered our primary expenses and for the first time in several years it was not necessary to transfer funds from the savings account to the checking account to cover the insurance expenses due in August. However, should we find ourselves short of funds at the end of this new fiscal year, it will be necessary to transfer funds once again from the savings account to the checking account.

The HOA association decided that if we are able to keep \$30,000 in the "reserve account" that would be a sufficient amount of money for the association to hold for emergencies. There was \$30,120.90 in the account as of July 30, 2010.

Our tax amount to be paid was computed by the accountant Barbara Underhill, CPA, Park City, and paid on time last fall. The accountant is presented with all the accounting for the year and reviews those expenses. The account has not been audited, but if the association would like to have an audit performed, that certainly is possible. However, an audit will cost several thousand dollars and doesn't seem to be necessary, in my opinion.

Our checking and savings accounts are set up for online banking with Chase Bank. This not only makes it much more convenient to pay bills, it also enables us to transfer monies between accounts if necessary and gives the Board President access to know what is transpiring since he is not a full-time resident here.

Respectively submitted,

Kathleen Bachman
Secretary/Treasurer
